Parking rules for Hotel Kranjska Gora

In accordance with the internal policies of Eurotas Hoteli d.o.o., PE Hotel Kranjska Gora, we have established the following parking rules to ensure the safe, orderly, and efficient use of the hotel parking lot. By using the hotel parking lot, users agree to comply with these rules and terms.

1. General Provisions and Definitions

The hotel parking lot includes all designated parking spaces, entry and exit lanes, pathways, and associated equipment (e.g., payment machines, barriers, and security cameras). Please note that the parking lot is partially under video surveillance, but not all areas are covered.

A "User" is any person who parks a vehicle in the designated parking area of the hotel. Upon entering the parking lot, users are required to adhere to applicable road traffic regulations.

2. Operating Hours and Availability

The hotel parking lot operates 24 hours a day, every day of the week, unless otherwise specified by the hotel, in which case users will be notified. Access to parking spaces depends on the hotel's occupancy and may be subject to limited availability during special events or periods of increased visitation.

3. Parking Fee

The parking fee is charged according to the current price list, which is displayed at payment points and available at the hotel reception. Users must pay the appropriate parking fee and place the parking ticket in a visible location on the vehicle's windshield, unless payment is made digitally.

In the case of unpaid parking fees, hotel staff and authorized personnel will follow the procedures outlined in section 8 of these rules, which define the handling of violations.

4. Parking Rules

For the safety and comfort of all guests, users must adhere to the following rules:

- Park only in designated spaces and ensure that the vehicle is entirely within the marked lines.
- Do not obstruct other vehicles or access to entrances, pathways, or emergency exits.
- Follow all traffic signs and pavement markings within the parking area.
- Turn off the engine immediately after parking.
- Keep daytime running lights on while driving within the parking lot for better visibility.

5. Prohibited Activities

The following activities are prohibited within the hotel parking lot:

- Parking vehicles that exceed the specified height or width limits.
- Leaving vehicles unattended for extended periods without prior agreement with hotel staff.
- Performing vehicle repairs, oil changes, or other maintenance work.
- Storing personal items, hazardous materials, or waste.
- Consuming alcohol, engaging in illegal activities, or causing disturbances.
- Advertising, distributing flyers, or placing promotional materials without the hotel's consent.

6. Abandoned Vehicles

A vehicle is considered abandoned if it remains in the parking lot without being moved for more than seven consecutive days without prior agreement. The hotel reserves the right to remove abandoned vehicles at the owner's expense.

7. Liability and Limitation of Liability

Users park at their own risk. Eurotas Hoteli d.o.o. assumes no responsibility for:

- Theft, loss, or damage to vehicles or items left inside the vehicle.
- Injuries or accidents that occur within the parking lot, unless directly caused by hotel staff.

If damage is caused by hotel staff, users must report the incident immediately and allow hotel personnel to document the damage before the vehicle is moved.

8. Monitoring and Penalties

Compliance with parking rules is monitored by hotel staff and security personnel. Additionally, the parking arrangements are periodically checked by the Municipal Inspectorate and wardens from the municipalities of Jesenice, Gorje, Kranjska Gora, and Žirovnica, who are authorized to enforce parking regulations in the municipality.

In the event of parking violations in accordance with applicable traffic regulations and these rules, the following measures may be applied:

- Issuance of warnings or fines.
- Blocking or towing improperly parked vehicles at the owner's expense.
- Temporary or permanent prohibition from using the parking lot.

9. Personal Data Protection

Eurotas Hoteli d.o.o. processes personal data related to parking transactions and reported incidents in accordance with the General Data Protection Regulation (GDPR). Data is stored for up to five years and is used solely for administrative, security, and analytical purposes. Personal data is not shared with third parties unless required by law or explicitly authorized by the user.

10. Final Provisions

The hotel reserves the right to amend the parking rules at any time. Updates will be posted on the hotel's website and at key points within the parking lot.

By using the hotel parking lot, you confirm that you accept the rules and conditions outlined in this document.
